THE PROBLEM

Social media is a full-time job

Every business knows they need to post — but it's expensive, time-consuming, and inconsistent.

10+ hours/week

Writing captions, researching trends, scheduling across 3 platforms manually.

$2,000–$8,000/mo

Cost of hiring a social media manager or agency for consistent content.

70% post inconsistently

Businesses that start strong lose momentum within 3 months.

Small and medium businesses are the backbone of the economy — and they're losing the content race.

THE SOLUTION

ContentCard: Your AI content team

One platform. Your brand voice. A full month of posts — ready in seconds.

Brand-First AI

Every post matches your brand voice, tone & language exactly. No generic content.

30-Second Setup

Tell us about your brand once. We generate content for every platform automatically.

Full Calendar

Posts are placed on a visual calendar. Edit, approve & track everything in one place.

Local-First

Holiday-aware. Country-specific content. Nigerian English, Pidgin, and more language styles.

"Stop creating content. Start publishing it."

HOW IT WORKS

3 steps to a month of content

01

Set Up Your Brand

Enter your brand name, industry, target audience and tone. Upload your logo. Set your language style & personality.

02

Choose Your Month

Pick the month, platforms (Instagram, Facebook, Twitter), post format and any topics you want to focus on.

03

Generate & Publish

Claude AI creates a full month of posts in 30 seconds. Review on your calendar, edit, approve and go live.
